

HISTORICAL BUILDINGS

Mountainview Centennial Grounds

TOURS AVAILABLE TO FAMILIES AND GROUPS BY APPOINTMENT: CALL 705-246-2025

Jocelyn Recreation invites families and groups/organizations who want to visit the past farming life in the area and tour our Historical Buildings as well as the many old farm implements located on the Jocelyn Township Mountainview Centennial Grounds at the corner of Highway 548 and the P-Line.

Come tour our House of History, packed with pictures, articles and memorabilia from many facets of life of our Island Families. See our old stoves, irons, sewing machines, lamps, peelers, old time clothing and beds. The list goes on and on.....

Over at the Jim Snider Antique and Machinery Shed, you will have access to displays through wide sliding doors. Come see our Barley Fork, Grain Cradle, Saws, Scythes, Sickles, Chain Saws and even a calf weaner. There are also other surprises

Folks love to reminisce about their school days as they examine old text books, slates, fountain pens, Red Cross programs, honey pail lunch boxes, pictures of the king, old maps and photos of children who attended this school as well as the other ten or so schools on this Island.
